**RE: Raising Cane's Gateway Park Boulevard**

Dear Members of the Sacramento City Planning and Design Commission,

I am writing to express my strong support for the proposed Raising Cane's restaurant on Gateway Park Boulevard, just north of the Truxel Exit off Interstate 80 in Sacramento. This project promises to introduce a new, exciting, and complementary dining option for families and young people, conveniently accessible for both local traffic and transit.

Raising Cane's would be a welcome addition to our neighborhood. The infusion of private investment is crucial for Natomas to re-energize and grow sensibly. While I support local restaurants, their success often hinges on the continued investments of larger, more stable companies like Raising Cane's, which attract retail dollars to our area. Additionally, this company can offer significant job opportunities and growth potential for our young people.

I strongly encourage your support for this project and thank you for your time.

Respectfully,

Fenina White

Dear Planning Commissioners, Mayor, and City Council,

I am writing to express my strong support for the proposal to bring a Raising Cane's restaurant to Sacramento. The addition of this establishment would provide significant benefits to our neighborhoods, including valuable private investment, increased tax revenue, and job opportunities—particularly for young people seeking employment. As a young mother with a baby, I rely on drive-thru services not just for convenience but as a necessity that helps me manage my daily responsibilities more efficiently.

Currently, there are few Raising Cane's locations in Sacramento, which often requires me to drive to the Elk Grove restaurant off Highway 99. Expanding access locally would greatly serve residents like me and enhance our community's dining options.

Thank you for your ongoing commitment to supporting improvements that strengthen our city. I appreciate your consideration of this proposal and look forward to seeing continued progress.

Sincerely,  
Jelisa Hill
