**SUBJECT: Agenda Item 2: Resolution Adopting a Community Immigration Action Plan- Support
 Agenda Item 3: Ordinance Adding Chapter 12.73 of the Sacramento City Code, Relating
 to the Restriction of City Property for Civil Immigration Enforcement- Support**

Dear Mayor, Council and City Manager,

On behalf of **Organize Sacramento** am writing in support of June 23rd, 2026 City Council Agenda Items 2 & 3.

ORGANIZE SACRAMENTO provides training, education, technical and personal assistance in the form of individual and group classes, presentations, research assistance and coaching in order to educate community groups, individuals, organizations, small business owners and others on techniques of community organizing, local government processes, and community and business resources. The purpose is to equip citizens to think and act strategically to produce positive results when community issues like the protection of immigrant residents become organizing campaigns.

The federal Immigration and Customs Enforcement (ICE) Agency and its staff have been violating the rights of the residents of this country for far too long. We applaud the City of Sacramento's efforts to rein in this federal agency's disregard for basic human rights within our city limits.

Organize Sacramento urges your support of this plan and ordinance.

Sincerely,

Tamie Dramer, Executive Director
